

Our teeth: dental check-ups

Regular dental check-ups help to make sure
our teeth are in great shape!

All babies, children and young people under 18 years, are
welcome to attend a School Dental Service clinic.

There are no out-of-pocket costs for children not yet at school,
and children eligible for the Child Dental Benefits Schedule.

The best time for a child's first dental check up is
between 12 and 18 months age.
